To Whom It May Concern,

I had the pleasure of supervising Mr. Bert Walters for over a year at CenturyLink. Bert is a highly motivated employee with a solid, well-rounded understanding of network infrastructure. He managed a broad scope of responsibilities within our network and handled his workload effectively.

He was responsible for monitoring the core uplinks on our internal network. When a link approached our predefined utilization threshold, Bert coordinated with multiple stakeholders to proactively resolve the issue before it impacted customers.

Bert demonstrates a strong work ethic and is highly goal-oriented. His attention to detail and technical knowledge made him a valuable member of our team. At the time, he actively pursued opportunities to grow within the company. He consistently built strong relationships across departments, which contributed to the smooth implementation of large, complex network solutions.

Bert left the company in good standing. If an opportunity arises, I would gladly hire him again. I believe he would be a valuable asset to any organization.

Sincerely,

Chad Burgard
